OVER 1 ½ DAYS

TAILORED MEETING SCHEDULE

meet. connect. do business.

Meet with those working on the most active projects in the UK including: architects, contractors, developers, local authorities, M&E consultants, registered providers, asset managers and key specifiers.

Our forums give our delegates time to focus; away from their day-to-day distractions ensuring better conversations resulting in more memorable and meaningful relationships.

In 2017, we facilitated over 5,000 one-to-one business meetings. It's a powerful endorsement that so many supplier delegates re-book year on year often attending several of our forums.

With the Government's recent commitment of at least £44bn to support the housing market through the delivery of 300,000 new homes per year by the mid 2020s, the housebuilding forum will help you access the increased opportunities in the sector as housebuilding is set to reach levels we haven't seen since the 1970s.
